

FISHING ORDER FOR DAILY TICKET USERS IN 2018

GENERAL RULES:

The regional permits issued by the Lipóti SHE are valid for the Lipóti Holt-Duna, the Kövecses, the Kengyátó Lakes and the Renyhei karéj.

On our waters fishing is allowed from sunrise to sunset.

During the time of pike ban every kind of rolling method and fishing with little fish is prohibited in every water area.

From our own waters only pikes larger than 45 cm can be caught.

It is fully prohibited to fish tench.

Rolling fishing is permitted in the Kövecses and Kengyátó I-II from 01.09-31.01.

Fishing must be finished on the Kengyátó Lakes and in the Kövecses after the capture and diary registration of two noble fish.

There is not going to be a carp ban on the Kengyátó Lakes I-II and in the Kövecses.

On our other waters fishing is possible but there is a ban for carps.

Carps weighing over 6 kgs must not be kept, there is a constant weight control.

Leak fishing is not permitted.

There are not any booked fishing spots.

Fishing from a boat is only permitted on the Holt-Duna. A boat can be rented in the Benti Kocsmá. Fishing is only possible from the registered boats with the numbers 1-8. Boats can only be stored in the areas designated by the Lipóti SHE.

Until 15th June the border of the coherent reed wall must not be approached except for the belt canal alongside the waterfront. Using a boat is prohibited at night. In the Víkendház Pithole by the Sillai House you cannot land a boat or trespass this area.

Rolling fishing is only permitted on the Holt-Duna.

The captured and weight-controlled fish intended to be kept must immediately be registered in the appendix of the daily ticket with naming the water area. Fishing can only be continued after this.

Catching amount

Adult regional daily ticket holders can catch 2 fish under weight control and 5kgs of other fish.

Youth ticket holders can catch 1 noble and 5 kgs of other fish a day.

Adult regional weekly pass holders can catch 2 (weekly 5) noble fish daily and 5 kgs of other fish per day.

Annual pass holders can catch 20 pieces of noble fish (4 fish weekly).

Youth pass holders can catch a daily amount of 1 fish under weight control (3 pieces altogether per week) and 5 kgs of other fish per day.

Children can fish with 1 bobber and they cannot keep noble fish. They are allowed to catch 3 kgs of other fish.

We can provide a map of the water regions of the Lipóti SHE (including GPS coordinates) if needed.

Violating the conservation rules (littering also) can cause the withdrawal of the daily ticket. It includes the 10 m area around the fishing spot too.
